

## UP Test Prep Offerings and Schedule Walden School ISEE Preparation 2017

### ISEE Course Description

Preparing for private school entrance exams can be a stressful process, often exposing major gaps in skills and problem-solving techniques. This workshop covers all bases by reviewing test content, teaching valuable strategies, tending to emotional factors, and providing opportunities for practice/solidification of knowledge. Students will receive full coverage of all sections of the ISEE and will utilize an interactive workbook specifically designed for this workshop. In every class session, students will build their stamina and skills with drills, activities, and timed quizzes. Simple techniques and exercises will also be provided to minimize anxiety and improve perspective, allowing increased access to performance.

**Location: Walden School** – Danica Dermott’s room

### Practice Tests

If students are not enrolled in a workshop, or tutoring, they can take each practice test for \$40 per student. Please see our website at: <http://uptestprep.com/pt/>

### About Us

#### Jenni Kephart (Co-owner)

Jenni spent over a decade as a behavior therapist and test-prep tutor. Her range and depth of experience with standardized tests gave her the capacity to develop Unlocking Potential’s ISEE curriculum and continually fine-tune the content and strategies presented to students. Jenni has extensive leadership experience and has led and developed seminars of up to 400 participants. She loves the challenge of adapting and customizing preparation to ensure program effectiveness and is committed to providing the highest level of quality for each family.

#### Erin Lawrence (Co-owner)

Erin is a credentialed teacher with several years of teaching, tutoring, and coaching experience. She has worked with students across grades K-12 in both public and private school settings. Her experience includes consulting for the Department of Defense providing training to both teachers and administrators across the United States and internationally, with the goal of improving instructional practices within the classroom. Erin enjoys providing a foundation and structure for students to achieve goals and change their perspectives about themselves as learners.
